ADVANCING A CONNECTED WORLD

At Premier Cables, IEWC and Cablcon, our Purpose and Vision are clear and inspire each of us to do more for our customers each day. Our values are powered by great people working together to do great things. We embody our purpose and will achieve our vision by living our values each day:

WIN the RIGHT way

We win through our commitment to honesty and integrity, not compromising our values in order to achieve success.

CUSTOMER obsession

We put customers at the centre of our plans and actions. Our expertise allows us to identify their needs, deliver value, earn and keep their trust.

OUR PURPOSE

To ADVANCE a
CONNECTED world.

OUR VISION

To be our customers' and suppliers' most ENTRUSTED partner, ACCELERATING and SIMPLIFYING their business.

DELIVER on our PROMISES

We strive for excellence in everything that we do and shortcuts are not an option. We are accountable to each other and to our stakeholders.

Be constantly CREATIVE

We encourage the relentless exploration for the best solution. We challenge the status quo, while continuously learning and improving.

Communicate HONESTLY

We don't shy away from tough conversations or put off hard decisions.

OUR SUPPLIER PARTNERS

WORLDWIDE SUPPLY CHAIN

IEWC provides wire and cable for every use with a range of product materials, specifications and constructions to meet any environmental, mechanical or electrical needs.

IEWC is able to source from numerous trusted suppliers in order to meet your standard or custom cable and wire requirements.

OUR PARTNERS

We work with the most highly-regarded suppliers of wire, cable, and wire management products in the world, and are the distributor-of-choice to some of the most admired companies in the world, across countless industries.

We provide a crucial link, constantly offering greater and greater access to products and materials, with over 8,000 new SKUs added each year.

Going beyond the sheer number of customers we serve, we are most proud of the long-standing, consistent business we have done with over 2,200 of those customers for the past five years or more.

THE PREMIER TEAM

Premier Cables strives to **advance a connected** world.

Succeeding in this comes from our employees knowing our whole team are valued members of the IEWC family and part of an Employee-Owned Company.

At IEWC, we provide the appropriate product, on time at a competitive price, and we do so within a customer service environment that exceeds customer expectations.

We value our employees and the contributions they make to our growing organisation.

The Premier Cables team is focused on the details of every transaction, ensuring that every aspect is correct the first time - every time.

Our European sales teams are backed up by a wealth of logistical experience in our three regional stocking locations.

With continuous improvement at the forefront of everything we do at Premier Cables, you can be sure of a fast and effective service delivering your solutions quickly and on time!

VALUE-ADD SERVICES

At Premier Cables, we are more than just a cable and wire supplier. Our value-add product services focus on safety and efficiency in order to save you time and money on-site.

We supply data centre designers, installers, critical power companies, and electrical sub-contractors with premium cut-to-length cables pre-equipped with connectors of your choice for effortless plug-and-play integration. Seamless and secure installation ensures time and cost savings.

With capabilities to help advance your company, we strive to be your most entrusted business partner. Value-added products expedite and streamline your business operations. Premier Cable also provides comprehensive project management services and innovative call-off storage solutions, further enhancing your efficiency and operations.

Fast turnaround | Design & test | Managed schedules | Quality components | Fast delivery

FIBRE OPTIC CABLE ASSEMBLY MANUFACTURING

Cablcon's Cutting EDGE™ fibre optic solutions are innovative, best-in-class approaches to reliably achieving ultra-high fibre density inside the building. By reducing the fibre connectivity footprint in both the rack and the cable trough, you can maximize traffic and optimize your physical space, thus creating a strong return on your investment.

Our wide range of Cutting EDGE™ products are North American-made at one of our two ISO 9001 & TL 9000-certified manufacturing locations. Cablcon's outstanding on-time delivery performance keeps your project running on-schedule, while our commitment to meeting industry standards makes Cutting EDGE™ solutions reliable out of the box and for years to come.

TECHNICAL SUPPORT

We have a team of highly experienced and fully qualified technical cable experts who are on hand to help you with any cable, wire or harnessing query. We can guide you on which cable is correct and most suitable for your individual application. We take full consideration of all environmental factors (heat, oil, chemicals, toxicity, vibration, flexibility, SWA protection etc).

QUALITY CERTIFICATIONS

A BRIEF HISTORY

For more than half a century, IEWC has supplied complete solutions for our customers' wire, cable and wire management needs. IEWC offers an unparalleled customer experience that supports the success of your projects and helps ensure the growth of your company.

January 1964 - Ted changes the company's name from Marcam, Inc. to Industrial Electric Wire & Cable, Inc.

January 1962 - On January 1, 1962, Ted Krzynski purchases Martin Electric Sales, a small wire and cable house located on Water Street in Milwaukee, WI. Ted quickly finds a trusted friend and business partner in Harlan Murray, who becomes the company's Vice President in March of 1962. Desiring a fresh start, Ted renames the company to Marcam, Inc.

October 1985 - Ted sells Industrial Electric Wire and Cable, Inc. to his employees and creates an employee-owned (ESOP) company.

May 1973 - Industrial Electric purchases its first forklift - an Allis Chalmers.

October 1993 - The company is registered to ISO through Underwriters Laboratory.

WHERE WE ARE

September 2000 - Industrial Electric moves its corporate headquarters, as well as its U.S. North Central sales office and distribution centre, to 5001 S. Towne Drive in New Berlin, Wisconsin.

Industrial Electric to employee-

April 2007 - Due to the success of its previous international expansions, Industrial Electric opens a sales and distribution centre in China.

August 2019 - IEWC opens a new distribution facility in Hermosillo on August 1, 2019.

DUNSTABLE HEADQUARTERS

Our European Headquarters are located in Dunstable, just north of London, giving the company access to all the major transport corridors across the UK via the M1/M4 corridors. With satellite offices in Birmingham, Bristol and Dublin, we are able to service the whole of the UK with rapid delivery options.

FRANKFURT

Our modern Frankfurt office and distribution centre are located just 20 minutes north of Frankfurt, centrally servicing all of our European customers and partners.

BELFAST

Located in the heart of the Belfast Docks, our offices and distribution centre service local businesses daily with a service counter and deliveries across the whole of Ireland.
